RE: Establishment of Global Studies Institute

Pursuant to Academic Senate Policy 98-10 and following consultation with President Alexander, the Executive Committee of the Academic Senate and the Deans' Council, I am pleased to authorize the establishment of the Global Studies Institute.

The Global Studies Institute will provide a campus-wide conduit to fulfill an important part of the University's mission. The Institute will support and encourage international and global knowledge and innovation in curriculum and scholarly and creative activities that serve our students.

CSULB acknowledges the significant endowment established by Emeritus Faculty Member Elaine Haglund in support of the Institute. In her distinguished career at CSULB, Dr. Haglund was a powerful and consistent advocate for the immeasurable value of international education including Study Abroad. It is most appropriate that this center be established in her name.

I congratulate Richard Marcus, Jeet Joshee and the others who provided leadership in establishing the Global Studies Institute.

cc: President Alexander  
Vice Provost Lindsay  
Associate Vice President Mason  
Academic Senate Chair Dan O'Connor
