## Career Development in October

ESA made a promise to you at the beginning of the semester to assist its members in developing professionally. We are proud to announce that this month is the beginning of this semester's professional development. If you have missed ESA meetings in the past, this month is your chance to start becoming an active member. It is a great time to start coming as this will be where the best opportunities for developing your professional career can be found at CSULB.

To start we have our Stock Portfolio Challenge opening October 5th. The rules and info should be sent out by the end of this week. If you need more information or didn't receive the e-mail, contact us with the information in the bottom right.

We also rescheduled the Federal Reserve Trip for Thursday October 11th. The sign up is closed, but for those going, it will be a rare experience that most people do not get the opportunity to have. We will be touring the Los Angeles office of the San Francisco branch of the Federal Reserve.

The following week we will have a guest speaker who works as a professional consultant come in on October 16th. If you are interested in a career in business or economic consulting, this is the most important meeting you can go to this semester.

There will also be an opportunity to get to know your professors a little bit better at Coffee With Your Professors. This will also be on October 16th in the early part of the day. This is a great chance to connect with faculty to build your connections for letters of rec, job opportunities, and just to have a good conversation.

We will have a resume workshop on October 23rd. This will be your opportunity to tailor your resume for job fairs, internship applications, and anything you will be applying to.

We will conclude October with our returning guest speaker Celeste Ahl. She is a CSULB alumni who currently works in the field of Law. She is a great resource to discover career opportunities outside of the field of Economics.

With all that said this is the month where you can get the most out of the club. If you have hesitated to attend in the past, this month will have worthwhile and valuable meetings. Don't miss out! We will see you there.

## Meetings for the Month

1. Stock Portfolio Challenge (10/2)
2. Fed Info Meeting (10/9)
3. Consultant Guest Speaker/ Coffee with Professors (10/16)
