

# Not Alone @ the Beach

Not Alone at the Beach (NATB) supports confidential advocacy services for survivors and free individualized assistance for all students, staff, and faculty impacted by sexual assault, dating/domestic violence, and/or stalking. Confidential advocates inform survivors of their rights, response options, and campus and community resources within a safe and supportive environment.

The NATB project is the umbrella organization on campus that coordinates education, outreach, internships, and prevention training for all forms of sexual violence.
